

UniAdmit Final Year Presentation

1. UniAdmit: Smart Undergraduate Admission Management System
Final Year Project Presentation

UniAdmit Final Year Presentation

2. Problem Statement & Motivation

- Manual process is fragmented
- Limited status visibility
- High admin overhead
- Need centralized transparent workflow

UniAdmit Final Year Presentation

3. Objectives & Scope

- End-to-end digitization
- Role-based student/admin flow
- AI assistant support
- Defined scope boundaries

UniAdmit Final Year Presentation

4. Existing vs Proposed Workflow

- Offline/manual vs portal-based guided flow
- Better speed, transparency, traceability

UniAdmit Final Year Presentation

5. System Overview & Roles

- Student, Admin, Chatbot responsibilities

UniAdmit Final Year Presentation

6. Technology Stack

- Django, MySQL config, Razorpay, Gemini, ReportLab, Bootstrap

UniAdmit Final Year Presentation

7. High-Level Architecture

- Browser -> Django(core/chatbot) -> DB + integrations

UniAdmit Final Year Presentation

8. Database/Design Overview

- Core and chatbot model sets

UniAdmit Final Year Presentation

9. Key Feature Set

- OTP, rounds, applications, payment, merit, chatbot

UniAdmit Final Year Presentation

10. Student Workflow (Screens)

- Register -> OTP -> Apply -> Payment -> Status

UniAdmit Final Year Presentation

11. Admin Workflow (Screens)

- Dashboard -> review -> rounds -> merit -> CSV

UniAdmit Final Year Presentation

12. AI Chatbot Design

- Knowledge base + history + feedback + unanswered loop

UniAdmit Final Year Presentation

13. Security & Validation

- OTP window, auth controls, payment verify, validation

UniAdmit Final Year Presentation

14. Methodology & Validation

- Requirements -> Design -> Implementation -> Testing

UniAdmit Final Year Presentation

15. Outcomes & Benefits

- Transparency, speed, centralized management

UniAdmit Final Year Presentation

16. Challenges & Resolutions

- Flow complexity, AI accuracy, admin visibility

UniAdmit Final Year Presentation

17. Limitations, Ethics & Future Enhancements

- Current constraints and roadmap

UniAdmit Final Year Presentation

18. Live Demo Plan, Conclusion & Q&A

- Guided demo with fallback strategy
